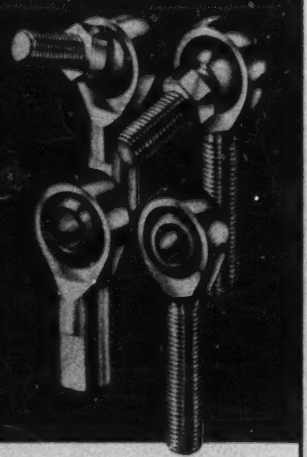
Superior Rod Ends

- Low Cost
- High Wear Resistance
- Performance Proven



Superior rod ends give you high wear resistance in the most demanding applications . . . plus significant savings.

A patented Superior process locks in lubricated raceways of fiberglass reinforced nylon, providing maximum contact with precision hardened steel balls, creating free movement with minimum play. Available in both male and female designs, left and right hand thread styles. Sizes from #10-32 through ¾-16, with and without mounting studs. All units plated and dichromate treated for exceptional corrosion resistance.

Write for catalog or call (219) 749-5105 for quick quote.
